

### REMARKS

The amendments to the specification as set forth above are intended to clarify and set apart the various sections of the subject application.

The amendments to the claims as set forth above are intended to remove all multiple dependent claims from the subject application and to more particularly point out and distinctly claim the subject invention.

Deleted language is stricken through and added language is underlined.

Applicants respectfully submit that all amendments made to the substitute specification are supported either expressly or inherently in the present application as originally filed, such that no new matter is believed to have been added.

Applicants respectfully request that the undersigned attorney be contacted if any questions arise as to specific amendments made herein.

The Commissioner is hereby authorized to charge any deficiencies or credit any overpayments in connection with the filing of this correspondence to Deposit Account No. 50-0426.

Respectfully submitted,

JENKINS, WILSON, TAYLOR & HUNT, P.A.
